## § 4022.7

cease or be suspended upon the occurrence of any specified condition does not automatically make that benefit forfeitable. In each such case the PBGC will determine whether the benefit is forfeitable.

(c) A benefit guaranteed under § 4022.6 shall not be considered forfeitable solely because the plan provides that upon recovery of the participant the benefit will cease.

### § 4022.6 Annuity payable for total disability.

(a) Except as otherwise provided in this section, an annuity which is payable (or would be payable after a waiting period described in the plan, whether or not the participant is in receipt of other benefits during such waiting period), under the terms of a plan on account of the total and permanent disability of a participant which is expected to last for the life of the participant and which began on or before the termination date is considered to be a pension benefit.

(b) In any case in which the PBGC determines that the standards for determining such total and permanent disability under a plan were unreasonable, or were modified in anticipation of termination of the plan, the disability benefits payable to a participant under such standard shall not be guaranteed unless the participant meets the standards of the Social Security Act and the regulations promulgated thereunder for determining total disability.

(c) For the purpose of this section, a participant may be required, upon the request of the PBGC, to submit to an examination or to submit proof of continued total and permanent disability. If the PBGC finds that a participant is no longer so disabled, it may suspend, modify, or discontinue the payment of the disability benefit.

(d) *PPA 2006 bankruptcy termination.* In a PPA 2006 bankruptcy termination, “bankruptcy filing date” is substituted for “termination date” in paragraph (a) of this section.

### § 4022.7 Benefits payable in a single installment.

(a) *Alternative benefit.* If a benefit that is guaranteed under this part is payable in a single installment or substantially so under the terms of the plan, or an option elected under the plan by the participant, the benefit will not be guaranteed or paid as such, but the PBGC will guarantee the alternative benefit, if any, in the plan which provides for the payment of equal periodic installments for the life of the recipient. If the plan provides more than one such annuity, the recipient may within 30 days after notification of the proposed termination of the plan elect to receive one of those annuities. If the plan does not provide such an annuity, the PBGC will guarantee an actuarially equivalent life annuity.

(b)(1) *Payment in lump sum.* Notwithstanding paragraph (a) of this section:

(i) *In general.* If the lump sum value of a benefit (or of an estimated benefit) payable by the PBGC is \$5,000 or less and the benefit is not yet in pay status, the benefit (or estimated benefit) may be paid in a lump sum.

(ii) *Annuity option.* If the PBGC would otherwise make a lump sum payment in accordance with paragraph (b)(1)(i) of this section and the monthly benefit (or the estimated monthly benefit) is equal to or greater than \$25 (at normal retirement age and in the normal form for an unmarried participant), the PBGC will provide the option to receive the benefit in the form of an annuity.

(iii) *Election of QPSA lump sum.* If the lump sum value of annuity payments under a qualified preretirement survivor annuity (or under an estimated qualified preretirement survivor annuity) is \$5,000 or less, the benefit is not yet in pay status, and the participant dies after the termination date, the benefit (or estimated benefit) may be paid in a lump sum if so elected by the surviving spouse.

(iv) *Payments to estates.* The PBGC may pay any annuity payments payable to an estate in a single installment without regard to the threshold in paragraph (b)(1)(i) of this section if so elected by the estate. The PBGC will discount the annuity payments using
